

About Us

Oct 2021

We set high standards

“ I am honored to have been selected as Chair of the Kreston Global Audit Group at such an exciting time for the Kreston Global network. ”

Theo Theodoulou
Director of Audit and Assurance

September 2021

Background

The firm has experienced a substantial growth throughout the years and currently employs about 50 employees offering professional guidance and advice to its clients on all business and financial matters.

Founded in the early 1990's the firm is a member of Kreston International Limited as of the 1st of October 2019. Kreston is a global network of independent accounting firms that combine expertise with empathy to provide compliance and advisory services that help individuals and their organisations to achieve their professional goals. Founded in 1971 and currently the 12th largest accounting network in the world, Kreston comprises 180 firms in 114 countries. As a single, seamless network, it provides a consistently exceptional service to clients all over the world.

Services

Audit

Our team of experts has significant experience in stand-alone audits as well as Group audits mainly under IFRSs and can help you to drive value from the audit, identify potential accounting deficiencies and inform and update accordingly relevant stakeholders using a proven worldwide famous methodology and deploying the latest auditing tools and perspectives.

Financial and Business Advisory

Accurate information is crucial for business decisions and business leaders need assurances beyond that provided by financial statement audits. The journey to success in an increasing regulated and complex environment along with the increasing demands from stakeholders can be difficult.

It can even be more difficult if you are concerned about systems and processes that could be inaccurate, or what risks to take. We at Kreston Ioannou & Theodoulou can offer assurance services that can effectively assist your company to manage and deal with all regulatory requirements and challenging demands from your stakeholders.

Our financial advisory team can support you in business recovery, M&As, financial modelling and valuations. Our business advisory team focuses mainly on internal audit, operational strategy, human resources advisory, corporate governance best practises, sustainability risk management and forensics.

Digital advisory services

The digital era is already taking over our lives and the foundations of all businesses should be enhanced in order to be able to accommodate the new economic domination of information technology.

“

Kreston is a world class organisation that thrives by skilfully and uniquely combining deep personal relationships with superior global expertise.

”

Liza Robbins
CEO

“

Our dedicated team of accountants offer a fully supported service to cater for all client requirements

”

Our technology team can support and advise your business more specifically our main focus is on executive advisory on technology, digital transformation consulting and execution, data analysis and business intelligence, APIs and Omni-channel enablement , consumer engagement solutions for retail, financial services and large organisations, consumer channel development , bespoke business applications for SMEs , digital wallet based solutions and payments.

Corporate tax

For Cyprus companies that are looking to manage effectively their tax position and tax liabilities as well as for international groups that are looking to set up their group or part of their group in Cyprus, ITH can offer bespoke tax solutions that will help you to manage the impact of tax on your business. We advise our clients on how to fully optimize their tax exposure utilizing all provision of the tax legislation and if needed by utilizing specific double tax treaties. We provide advice on new structures ensuring tax efficiencies. Beyond tax efficiencies we ensure all our clients adhere with local tax compliance requirements.

Indirect tax

Due to increasing imposition of indirect taxes globally, business nowadays face the risk of their profitability being decreased, cash flow requirements increase, and compliance risks become critical.

Our VAT specialists can provide support on VAT compliance, refund requests, advise on cross border transactions and VAT due diligence and assistance in potential investigations.

Private client tax

Personal tax planning is critical as you might miss important tax benefits or risk facing important and unexpected tax liabilities. We are here to help you preserve and extend your wealth. Choosing your tax residence is also challenging and requires planning in advance especially if you are choosing to migrate in order to benefit from your chosen tax residency.

Our team of tax experts can assist in long term tax planning, personal tax compliance, advise on immigration requirements , structuring family business transactions etc.

Business outsource

Outsourcing key functions of your business to a trusted service provider is crucial and sometimes can lead to significant business exposure.

Kreston Ioannou & Theodoulou has a team of dedicated accountants who are experienced in various types of accounting software and are used to managing a variety of industries and reporting standards. Each client has a dedicated person who will maintain the accounting records and comply with relevant statutory and tax deadlines. Our team can also prepare management accounts for companies operating in jurisdictions where there is no statutory audit. In addition the administration of an employer's payroll does not get easier. We can assist through complexities and provide a fully supported service to cater for all client requirements.
